Nemeris IT — Security Statement

Updated: 2025-09-30

1. Governance

Policies/SOPs; RBAC; confidentiality obligations.

2. Technical Measures

TLS in transit; AES-256 at rest (where supported); backups; vulnerability remediation; security baselines.

3. Monitoring

Centralized logging, audit trails, alerting, and periodic reviews.

4. Incident Response

Runbooks covering triage to recovery; SLA targets agreed per engagement.

5. Continuity

Backups, recovery tests, dependency inventory; reasonable RTO/RPO targets.
